DENTAL SCHOOL

Undergraduate Dental Programme in Valencia

About the Course

The City of London Dental School is proud to announce a five-year undergraduate dental programme conducted in collaboration with GDC Education Ltd, taught at Universidad Católica de Valencia and approved by the Ministry of Education in Spain.

The degree is fully recognised by the General Dental Council in the UK and the academic part of the degree is fully taught and examined in English for the full duration of 5 years.

Module Outline

The University

The university building extends over 5.000m² with excellent facilities and clinics for the teaching of dentistry offering a state-of-the-art learning environment. In addition to classrooms, library and study halls, the faculty has many specific facilities in-house equipped with cutting-edge technology that will help students make progress on their study and research work. These include practical and research laboratories, as well as an approved clinical establishment, Universidad Católica de Valencia Clinics, where students will be able to treat patients.

This makes it possible for students to gain a greater hands-on appreciation of medical practice and so participate in an optimum learning environment supported by a professional team.

Course Delivery

The official title of the Degree is 'Grado en Odontología' and the title upon graduation is 'Graduado/a en Odontología'.

The course is delivered in English by a highly qualified teaching staff, in small classes of 40 students, offering a very personal level of teaching. The progress of each student is closely monitored, not only in terms of their academic development but also in terms of their personal growth. It is the goal of the university to ensure that students grow personally and professionally as well as acquire knowledge and technical skills.

Dental Training Clinics

The Universidad Católica de Valencia dental clinics have all the technical equipment required to deliver and complete a high-quality dental education. The clinic is equipped with 50 dental units with the very latest state-of-the-art dental equipment and technologies. The University opened its new clinic in Valencia in March 2020; the facility is one of the best clinics in Europe.

Pastoral Care

Amongst the many benefits within the care package, the key benefits are:

- Administration of recognition of qualifications with the Spanish Ministry of Education or UNED.
 - Registering with the police etc and obtaining an NIE number.
 - Arranging accommodation, negotiating contracts with landlords, arranging utilities, bank accounts, mobile phone etc.
-
- Monitoring academic progress throughout the year and intervening when things are not be going as well as they could.
 - Legal and medical support 24 hours a day during term time.
 - There is always someone to call at any time to help.

Admissions Requirements

Three A levels or equivalent with minimum grades of ABB to include Biology and Chemistry.

5 GCSE at C or above.
